

When writing a story, it is important to not over use a word. It is more appealing to the reader if the writer uses a variety of words that have the same meaning when describing or explaining something. A synonym is a word that has the same meaning as another word. We sometimes call synonyms “wow” words as they are often more vibrant or vivid than the most commonly used words that people use.

Write 3 synonyms for each of the following words:

(Example) big → huge humongous large

1. small → _____
