Mr. Tom McCabe, Principal

Principal's Message: One of the key elements of our mission statement at the Millerton School is the development of character and the opportunity to see it in action. We strive to place our students in leadership roles and support them to success. There are a few things happening that you need to know about.

We have a group of students that have set up a school supply cart. They work the cart daily and have been doing an excellent job managing the endeavour. These students have generated some profit and as a group they have decided to use that money to buy the turkey for the Christmas food drive at the school.
CHARACTER.

Another group of students have been giving up their lunch break to help the grade K-4 when they are out on their dinner hour. These students are very helpful to the younger students and are great role models.
CHARACTER.

These are only two examples, we have students doing great things every day. So the next time somebody says the kids today are not like they use to be you can say you're right, and share these examples.

On behalf of the students and staff of the Millerton School I want to wish you a Merry Christmas and challenge you to follow the examples our students have set for us in this holiday season. Tom
